

School :.....

Time : One hour and a half

Name :.....

Class : ()

I. Reading:

(..... / 16 Points)

Read the following text , then answer the questions below :

Sea turtles are among the most ancient creatures in the world . They live in warm waters like Aqaba's and can weigh up to 200 kilograms . There are seven species of turtles . They can be yellow , green or black . They have hard shells to protect them from predators . These shells are also streamlined to help them swim easily . Sharks are the most dangerous sea animals . Turtles also have flippers that direct **them** while swimming and help them dig in the sand . Most sea turtles eat small sea animals such as sponges , snails and jellyfish .
