- D) simptoms

45) After our Science lesson in the laboratory, we alwaysthe teacher to put the away.

- A) helped/ apparatus
- B) help/ aparatus
- C) helps/ apparates
- D) help/ apparatus

Question Number Two

Ten-year-old Adeeb al-Balooshi, from Dubai, is going to travel to seven countries on a tour which has been organised and funded by Sheikh Hamdan bin Mohammad, Crown Prince of Dubai.

The boy caught Sheikh Hamdan's attention with his invention – a prosthetic limb for his father. The Sheikh has taken a special interest in the boy, and hopes the tour that he is sponsoring for Adeeb will give the young inventor more self-confidence and inspire other young Emirati inventors.

Adeeb got the idea for a special kind of prosthetic leg while he was at the beach with his family. His father, who wears an artificial leg, could not swim in the sea as he could not risk getting his leg wet. This inspired Adeeb to invent a waterproof prosthetic leg. Adeeb is going to visit the USA, France, the UK, Ireland, Belgium, Italy and Germany, where he will

be staying with relatives. However, while he is in Germany, Adeeb will not be spending all his time sightseeing. He will be working with a specialist doctor to build the appendage. He will also be attending a course on prosthetics and learning about different kinds of medical apparatus.

Adeeb has invented several other devices, including a tiny cleaning robot and a heart monitor, which is attached to a car seat belt. In the case of an emergency, rescue services and the driver's family will be automatically connected with the driver through this special checking device.

He has also invented a fireproof helmet. This special equipment, which has a built-in camera system, will help rescue workers in emergencies. It is for these reasons that Adeeb rightly deserves his reputation as one of the youngest inventors in the world.

Read the text carefully, and then in your ANSWER BOOKLET answer all the questions that follow. Your answers should be based on the text.

1) Quote the sentence which indicates the sponsor of the tour.

.....
.....
LEARN 2 BE

2) There are many activities Adeeb will do while he in Germany. Mention the three of them.

.....
.....

3) Write down the sentence which shows the purpose of the heart monitor.

.....
.....

4) In the case of an emergency, the heart monitor will automatically connect the driver with two groups of people. Mention the two of them.

.....
.....

5) What does the underlined word "**he**" refer to?

6) Find a word in the text which means **limb**.

Answer
