READING AND VOCABULARY

Q1

A. Read the following text carefully, and then, answer the questions that follow. (56 points).

My name is Fatima Musa and I have worked as an interpreter for five years. Many students have emailed me about my work because they want to know what it would be like to do my job. So here is my reply. I have always been fond of languages. My father worked in many different countries when I was young and we usually travelled with him. When we visited a country, I always wanted to learn the language. At school I was very good at English. Therefore, I decided on a career as an interpreter. My job now involves going to important conferences and seminars around the world. When a person speaks in English at a conference, I listen to what they say through headphones.
