second Exam / First Term 2024/2025

Read the following text, then answer the questions below (21 marks)

1. A few weeks ago I started a volunteer project at a nursery school. The teacher took her chair and went to the back of the room. I was really nervous to read to the children, but they were great. They paid attention, they didn't shout and they put their hands up to ask questions. After a while I asked them to draw a picture and I sat down. The children were amazing!.

2. We did some projects in class last month. The teacher told us that the posters were fantastic and asked for a volunteer to put them up on the wall. I offered, and I took some drawing pins and stood on my chair. Everything was fine and then I accidentally stuck a drawing pin into my fingertip. I let out a yelp!

3. Yesterday my last class was in the laboratory on the third floor.

I started to answer the questions on the worksheet but then I saw a fly on the window. I picked up a textbook and tried to hit the fly. I missed it but I hit the window. Just then the head teacher walked into the room.
